Ms. Mary Howell
Borough Administrator
Borough of Fair Haven
748 River Road
Fair Haven, NJ 07704
Email: mhowell@fhboro.net

Dear Ms.Howell:

We would appreciate it if you would bring the following to the attention of the Borough Council.

'Residents for the Future of Fair Haven' (RFFoFH) completed an analysis in which it concluded that **no** location in the Borough of Fair Haven meets the acceptable ranges of the criteria for a cell tower, other than Fair Haven Fields. We appreciate the efforts of the Borough in attempting to locate a cell tower at this site, and the consideration of an appeal to the Department of Environmental Protection (DEP).

We are aware of the ongoing discussions between the Borough and the Christ Methodist Church, and we are concerned about that location. In particular, we want to have a firm understanding of the visual impact that could result from a cell tower located at that site. We are asking for that the Borough arrange for a test similar to the crane test that was done at the Nativity Church site last summer. The request is for either a crane or a balloon to be located as close as possible to the target location for the cell tower and at the same height as the proposed cell tower. RFFoFH feels that this is only way that the impact on this site can be assessed.

Sincerely yours,

(Signed for the Residents for the Future of Fair Haven - Cofounders)

Thomas Kirman
